

MASTER YOUR HEALTH

Diabetes Awareness for Better Health

November 14, 2022 | 1:00 PM - 2:30 PM

SIHF Diabetes Care and Management provides self-management education to individuals with diabetes. Our program educates those who are already managing diabetes and others who are taking steps to avoid developing diabetes complications. Information, education and awareness can go a long way!

In the program you will:

- Get informed about diabetes
- Find out the signs and symptoms
- Learn why we treat diabetes
- Learn the risks and complications of diabetes
- Discover treatment options
